

# CAPABILITY STATEMENT

## COMPANY OVERVIEW

Pattron delivers professional and state-of-the art Break/Fix, Low-Voltage, and Smart-hands solutions to commercial and government clients. We are known for our adaptability, customer-centric approach, and acute attention to detail. At Pattron, we understand that every detail matters in technology infrastructure, and we pride ourselves on delivering solutions that meet the unique requirements of each client.

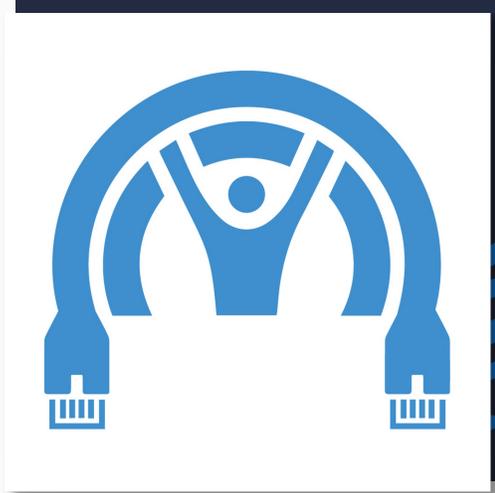

Pattron guarantees our clients nothing but "Top-Tier Techs!"

## DISCRIMINATORS

We offer mission-oriented and client-centered approach, with an unwavering commitment to getting the job done right. With years of experience in the IT field service industry, we understand that preparation is key to success, and we are meticulous in our training and preparations for every project. Our biggest strength lies in our flexibility, thanks to our diverse skill-set and experience, which allows us to deliver seamless performance and timely execution of objectives.

## TESTIMONIAL

Pleasant to talk with, focused on the end result and always willing to go above and beyond to help a client get the project completed. The success of our Company comes from companies like Pattron - willing to be certified prior to taking on such a high-level overviewed job. This ongoing installation of the 3D printers and the ecosystem project moves you around from dentist office to dentist office and even Dental Laboratories in numerous states which Pattron has traveled to many places for us to make sure the job was completed within the limited time constraints.
